Our financial position remains sound.

Monthly and YTD Income variances were negligible compared to the budgeted amounts.

Monthly and YTD expenses were \$9,251 over budget for the month and \$34,178 under budget for the year. The monthly overbudget amount was primarily due to an accumulation of invoices for ground maintenance.

Our Operating Funds balance is \$366,351, while our Reserve Funds balance is \$417,779.

ARC

Cathleen Manuel

The month of May proved to be another busy time for our residents and ARC. We received eight new applications for improvements, additions, changes, etc., to the exteriors of homes. All eight were approved by the Board.

The Associa offices remain closed at this writing. As a result, our contacts continue to work from their homes. They have been most responsive throughout this rather trying period. In order to ensure more timely handling of applications, Associa requests electronic copies whenever possible. If that isn't feasible, mailing to the Associa offices is still an option. Electronic applications should be sent to both email addresses below:

kathy.conklin@associa.us

jan.drayton@associa.us

Applications for ARC must be submitted to Associa no later than the first Wednesday of each month. See the deadlines below:

Wednesday, July 1 – Deadline for applications to Associa

Monday, July 6 – ARC meeting at 7:00 p.m.

Wednesday, August 5 – Deadline for applications to Associa

Monday, August 10 – ARC meeting at 7:00 p.m.

COMMON GROUNDS

Klaas Kramer

Thanks to Mike Brown, who facilitated the Zoom set-up process, we were able to conduct our first Common Grounds Committee meeting for the year.

A majority of the members were present and unanimously voted for Klaas Kramer to remain as Chairperson. This committee is an integral part of the LOE association's Storm Water Maintenance Plan and significantly contributes to the overall "curb appeal" of our community.

Evesham Township granted approval to waive one-for-one tree replacement at locations that border on areas with dense vegetation. Now we can finally start planning the replacement trees. However, several mandatory actions are required before you will see any changes to the scenery. The committee plans to complete them by December 2020. The actions include:

- * Issue a request for proposals to conduct a comprehensive common grounds tree inspection by an arborist. The proposal should include the maintenance, pruning, and replacement of trees where needed.
- * Board review and approval/disapproval of received proposals.
- * Identification of all trees needing to be removed due to disease or other factors. Specific attention to trees along Huxley pond.
- * Selection of new trees for the area across from the clubhouse, adjacent to the parking lot where no dense vegetation is present.
- * Committee recommendations for tree selections to the Board for approval/funding.
- * Planting of new trees where required/needed.
- * Cleaning of storm water infrastructure (ditches) by Outdoor Solutions.
- * Inspection of the infrastructure by members of the committee.

The bocce team leadership recommends deferral of the implementation of shade solutions for the bocce courts until next year.

LANDSCAPE

Louise Driben

Outdoor Solutions applied fungicide to all lawns in early June with the exception of the dog walk areas. Another application is scheduled for early July, weather permitting. Summer flowers at the community's entrance and around the clubhouse were planted in early June, but due to a late spring frost, some plants were affected and buds may be very slow to bloom. We will have to be patient before we see full growth and blossoms. A reminder: *according to the Evesham MUA no watering should be done between 8 a.m. and 6 p.m. and water only on odd calendar days.*

IMPORTANT NOTICE

10 Things You Didn't Know

1. THE DECLARATION OF INDEPENDENCE WASN'T SIGNED ON JULY 4 (OR IN JULY AT ALL).

It's now generally accepted that the Declaration of Independence wasn't signed on the Fourth of July—that's just the day the document was formally dated, finalized, and adopted by the Continental Congress, which had officially voted for independence on July 2 (the day John Adams thought we *should* celebrate).

2. THE FIRST CELEBRATIONS WEREN'T MUCH DIFFERENT THAN TODAY'S.

After years of pent-up frustration, the colonies let loose upon hearing the words of the Declaration of Independence in 1776. Independence Day celebrations began to look a bit more familiar the following year, as the July 18, 1777 issue of the *Virginia Gazette* describes the July 4 celebration in Philadelphia:

"The evening was closed with the ringing of bells, and at night there was a grand exhibition of fireworks, which began and concluded with thirteen rockets on the commons, and the city was beautifully illuminated. Everything was conducted with the greatest order and decorum, and the face of joy and gladness was universal."

3. EATING SALMON ON THE FOURTH OF JULY IS A TRADITION IN NEW ENGLAND.

The tradition of eating salmon on the Fourth of July began in New England as kind of a coincidence. It just so happened that during the middle of the summer, salmon was in abundance in rivers throughout the region, so it was a common sight on tables at the time. It eventually got lumped into the Fourth and has stayed that way ever since.

4. MASSACHUSETTS WAS THE FIRST STATE TO RECOGNIZE THE HOLIDAY.

Massachusetts recognized the Fourth of July as an official holiday on July 3, 1781, making it the first state to do so. It wasn't until June 28, 1870 that Congress decided to start designating federal holidays, with the first four being New Year's Day, Independence Day, Thanksgiving, and Christmas.

5. THE OLDEST ANNUAL FOURTH OF JULY CELEBRATION IS HELD IN BRISTOL, RHODE ISLAND.

Eighty-five years before the Fourth of July was even recognized as a federal holiday, one tradition began that continues to this day. Billed as "America's Oldest Fourth of July Celebration," the town of Bristol, Rhode Island, has been doing Independence Day right since 1785.

How About the Fourth of July

6. THE SHORTEST FOURTH OF JULY PARADE IS IN APTOS, CALIFORNIA.

From the oldest to the shortest, the Fourth of July parade in Aptos, California, is just a hair over half a mile long. It features antique cars, decorated trucks, and plenty of walkers.

7. THERE ARE AROUND 15,000 INDEPENDENCE DAY FIREWORKS CELEBRATIONS EVERY YEAR.

According to the American Pyrotechnics Association, around 15,000 fireworks displays will take place on the Fourth of July. Though pricing varies, most small towns spend anywhere from \$8,000–\$15,000 for a fireworks display, with larger cities going into the millions, like the Boston Pops Fireworks Spectacular that averages more than \$2 million.

8. WE'LL EAT AN OBSCENE AMOUNT OF HOT DOGS.

Around 150 million, to be more specific—that's how many hot dogs will be consumed by Americans on the Fourth of July! According to the National Hot Dog and Sausage Council, that amount of dogs can stretch from Washington D.C. to Los Angeles more than five times.

9. AND WE'LL SPEND BILLIONS ON FOOD.

Americans spend big on food and drinks on the Fourth, big to the tune of around \$6.7 billion when all is said and done, according to the National Retail Federation. This includes food and other cookout expenses, averaging about \$73 per person participating in a barbecue, outdoor cookout or picnic.

When it comes the booze. According to the Beer Institute, “more beer is sold on and around the Fourth of July holiday than during any other time throughout the year.” Generally, Americans will spend around \$1 billion on beer for their Fourth celebrations, and more than \$560 million on wine.

10. THREE PRESIDENTS HAVE DIED, AND ONE WAS BORN, ON THE FOURTH OF JULY.

Both Thomas Jefferson and John Adams died on July 4, 1826—50 years to the day after the Declaration of Independence was adopted. They're not the only presidents to have died on the Fourth, though; James Monroe—the nation's fifth president—died just a few years later on July 4, 1831.

Though the holiday might seem like it has it out for former presidents, there was one future leader born on Independence Day. The country's 30th Commander-in-Chief, Calvin Coolidge, was born on July 4, 1872.

SUMMER READING SUGGESTIONS

The Book Club Committee reviews many books before making their selection for the following year. Here are some books that might be of interest to fellow

residents this summer.

The Dutch House by Ann Patchett

At the end of the Second World War, Cyril Conroy combines luck and a single canny investment to begin an enormous real estate empire, propelling his family from poverty to enormous wealth. His first order of business is to buy the Dutch House, a lavish estate in the suburbs outside of Philadelphia. Exiled from the Dutch House by their stepmother, Danny and his older sister Maeve are thrown back into the poverty their parents had escaped, and they find that all they have to count on is each other. It is this unshakable bond between them that both

saves their lives and thwarts their futures. When at last they're forced to confront the people who left them behind, the relationship between an indulged brother and his ever-protective sister is finally tested.

The Secrets of Mary Bowser by Lois M Leveen

A powerful novel based on the true story of one daring woman willing to sacrifice her own freedom to change the course of history. Mary is a slave to one of the wealthiest families in Richmond, Virginia. Bet Van Lew, the rebel daughter of the family that owns Mary, sends her to Philadelphia to be educated. While in the North, Mary joins the abolition movement to bring fugitive slaves to freedom. Mary then defies Virginia law by returning to Richmond. Knowing that slaves are considered incapable of intelligence, she poses as a slave in the Confederate White House to spy on President Jefferson Davis. Just when it seems all her dangerous gambles to end slavery will pay off, Mary discovers that everything comes at a cost — even freedom.

The Bogside Boys by Eoin Dempsey

The city of Derry, Northern Ireland, 1972. The Bogside is an area in open revolt, cordoned off from the rest of the city of Derry, patrolled by masked IRA men atop burnt out barricades. Subjugated by the Protestant ruling classes and denied their right to vote, life for the Catholic people in Bogside is hard. But a civil rights movement has begun. The march through the Bogside that day was meant to be like any other. That march would change the course of history for the people of Northern Ireland and become known as Bloody Sunday. *The Bogside Boys* is a meticulously researched, nuanced family saga, set over twenty-five years of the conflict in Northern Ireland.

a widower in California. To enter the country, she must pretend to be her husband's first wife—a paper wife. But when she finally reaches San Francisco, she's met with a surprise. Her husband, Chinn Kai Li, is a houseboy, not the successful merchant he led her to believe. Mei Ling is penniless, pregnant, and bound to a man she doesn't know. Can Mei Ling find a way to make a real family—even if it's built on a paper foundation?

The Guardians by John Grisham

In the small north Florida town of Seabrook, a young lawyer named Keith Russo was shot dead at his desk as he worked late one night. The police soon settled on Quincy Miller, a young black man who was once a client of Russo's. Quincy was framed, convicted, and sent to prison for life. For twenty-two years he languished in prison. Then he wrote a letter to Guardian Ministries, a small innocence group founded by a lawyer/minister named Cullen Post. With Quincy Miller, Post gets far more than he bargained for. Powerful, ruthless people murdered Keith Russo, and they do not want Quincy exonerated. They killed one lawyer twenty-two years ago, and they will kill another one without a second thought.

A Thousand Splendid Suns by Khaled Hosseini

A Thousand Splendid Suns is a breathtaking story set against the volatile events of Afghanistan's last thirty years—from the Soviet invasion to the reign of the Taliban to post-Taliban rebuilding—that puts the violence, fear, hope, and faith of this country in intimate, human terms. It is a tale of two generations of characters brought jarringly together by the tragic sweep of war, where personal lives—the struggle to survive, raise a family, find happiness—are inextricable from the history playing out around them.

PONDS

Bill Harris

We have been informed by Evesham Township that going forward we must conduct an annual inspection of our ponds and related storm water infrastructure and perform any necessary maintenance as needed. We must also file an annual inspection report with the township. These inspection, maintenance, and reporting requirements are necessary to comply with Township Ordinance #139 as well as with New Jersey Storm Water Management Regulations N.J.A.C. 7:8.

At the May 14 meeting, the Board approved a proposal by Princeton Hydro to complete the first annual inspection of our ponds and related storm water infrastructure this year.

We are now well into the summer months and our ponds are looking very nice. So far this season, there have been no significant pond issues to address.

Please continue to report any geese sightings or other pond issues to the appropriate pond contact. Up-to-date contact information can be found in the February issue of our community newsletter.
